Professional Experience

Oasis Infobyte (January 2024 - february2024)   **Intern**

During my internship at Oasis Infobyte, I worked as a web developer, gaining valuable hands-on experience in front-end development. I was responsible for coding and implementing user interfaces for web applications. This included utilizing HTML, CSS, and JavaScript to bring designs to life, ensuring they were responsive and user-friendly across different devices. Additionally, I participated in testing and debugging processes to enhance product quality. My time at Oasis Infobyte provided me with practical skills and insights into the world of web development within a professional setting.

Education

- **Secondary School Certificate (SSC) January 2011 - May 2018**
  National High School at Kolkata, West Bengal
- **Higher Secondary Certificate (HSC) June 2018 - May 2020**
  National High School at Kolkata, West Bengal
- **Computer Science Engineering August 2020 – Present**
  Budge Budge Institute of Technology at Kolkata, West Bengal

Key Skills

- **Java + DSA**
- **JavaScript**
- **React**
- **HTML5**
- **Bootstrap**
- **SQL**
- **CSS**

Projects

- **College Management System**

A college management system website designed with HTML and CSS, providing an intuitive interface for students, faculty, and administrators to manage academic activities, including course registration, grade tracking, and administrative tasks.

- **Portfolio**

Designed and developed a sleek and responsive portfolio website using HTML, CSS, and JavaScript. Utilized modern design principles and user interface techniques to create an engaging and visually appealing experience. Integrated interactive elements and animations to enhance user engagement and navigation. Implemented clean and efficient code for optimal performance across various devices and browsers. Demonstrated proficiency in front-end web development through the creation of a dynamic showcase of skills and projects.

Certifications

- **Computer Organization & Architecture** (Bharat Acharya Education)
- **Learning Java** (LinkedIn)
